

CPS-M1-060

Performance features

- » Power supply of connected drives with up to 60 A total current consumption
- » Approved by VdS in accordance with EN 12101-10
- » AdComNet bus system for seamless networking of the modules within the CPS-M and further D+H AdComNet components
- » Bidirectional communication with ACB compatible drives
- » Supply connection and communication using integrated plug connectors
- » Customisable, programmable control panel functions

- » Sleek menu guidance using a 3.5" Full Colour Touch Panel, through which the system states of the individual modules can be visually observed (optional)
- » Freely selectable line/group assignment
- » TMA trigger module: 2 independent lines to connect up to 10 SHEV operation panels each and 30 fire detectors
- » AM actuator module: 2 independent groups for connecting drives, each with a total maximum current of 10 A

	CPS-M1-060			
Supply	230 V AC / 50 Hz / 1570 VA			
Output	24 V DC / 60 A			
Ripple	< 50 mVss			
Mode of operation monitoring	Pulse operation			
Mode of operation Alarm / Ventilation	Short-time duty 30 % duty cycle			
Type of protection	IP 54			
Temperature range	-5 °C +40 °C			
Housing	Steel sheet			
Colour	Light grey (~ RAL 7035)			
WxHxD	600 x 800 x 260 mm			
Battery type	Typ 5 (2x) / Typ 6 (2x)			
-	-			

Batteries must be ordered separately.
